INDEX TO VOLUME VIII

ABBOTT, A. W., Peritoneal adhesions, trans., 325.

Abdomen, Gunshot wounds of the, 354; Penetrating wounds of the, trans., 204; Upper Surgery of the, rev., 558.

Abdominal colpohysterotomy, anterior, for irreducible uterine inversion, abs., 219; incision, A coaptation and imbricating suture for closing, tech., 95; section, The treatment of infected and complicated cases of labor by, 365; wall, Extensive injury of the, trans., 210; surgery, The prevention of adhesions in, 574.

Abortion and miscarriage, What to teach the general practitioner concerning, 514; trans., 539.

Acetonuria with coma, apparently cured by intravenous transfusion of bicarbonate of soda solution, tech., 408.

Adeno-fibro-myxo-chondro-sarcoma of the cervix uteri, abs., 552.

Adenoma of the cervix uteri simulating cancer, Diffuse, abs., 219.

Adenomata of the descending colon, sigmoid and rectum, 380.

Adhesions in abdominal surgery, The prevention of, 574.

Adhesive corset as a surgical dressing, The, tech., 640.

Adrenal origin, Tumors of, with particular reference to hypernephroma of the kidney, abs., 216.

ALLPORT, W. H., Shock and its relation to operations of emergency, 388.

American Gynecological Society, trans., 533.

Amputations, thigh, An effective dressing for, tech., 94.

Anæsthesia, Practical Points in, rev., 224; Improvements in, 522; The advisability of making the practical administration of, a required part of the medical course, 525; in hospital practice, Improved method of obtaining, trans., 546; Local, 578.

Anæsthetic, general, The present status of ethyl chloride as a, 402.

Anæsthetics, Their Uses and Administration, rev., 222; general, Symposium on the manner of administering, 522; The administration of, trans., 545; Proper and improper method of administration of, trans., 546; 524.

Anæsthetist, The trained or the untrained, 528; The nurse as, trans., 545.

Anastomosis, Spontaneous, of the small intestine following trauma, trans., 435; Latero-Lateral, of ileum and sigmoid flexures for chronic mucous colitis, trans., 540.

ANDREWS, J. W., Colles' fracture, trans., 325.

Aneurysm, An atypical Matas operation for femoral, tech., 299; Abdominal, trans., 209.

Anti-placenta serum, Results obtained with, abs., 443.

Appendectomy, Subserous, trans., 315

Appendicitis, Fixation of the movable cæcum in cases of so-called chronic, abs., 104; in women and its consequence upon the sexual organs, abs., 105; Operations, post-operative hæmorrhage from stomach or intestine, especially after, abs., 329; wahrend schwangerschaft und geburt ueber, abs., 442; acute, The movable cæcum as an important predisposing factor in, cor., 448; On the etiology of, abs., 549.

Appendicostomy in pernicious anæmia, trans., 201.

Appendix, Primary tuberculosis of the, tech., 406; examination and removal of, Further reasons for, before closing the abdomen, trans., 542.

Arteriosclerosis of the uterus, abs., 218.

ASHHURST, P. C., Surgery of the Upper Abdomen, rev., 558.

Astragalus, Fracture of the, 36.

BAKER, J. NORMENT, Elephantiasis of the male genitalia, trans., 210.

BALDY, J. M., The treatment of uterine retrodisplacements, fest., 421; The nurse as anæsthetist, trans., 545.

BALL, SIR CHARLES B., The Rectum, its Diseases and Developmental Defects, rev., 445.

BAYER, HEINRICH, Lectures on General Obstetrics, rev. 446.

BENJAMIN, ARTHUR E., Chronic dilatation and prolapse of the stomach, trans., 315.

BEVAN, ARTHUR DEAN, Suprapubic prostatectomy, trans., 190.

Bile-duct, common, Cause of sudden fall in blood pressure while exploring the, abs., 210.

Bile-tracts, Some points in the surgery of the, tech., 293.

Bile-tracts, New incision to reach the, trans., 324.

BISHOP, E. STANMORE, Some points in connection with gastric surgery, 559.

Blastomycosis; Report of two cases resembling bone tuberculosis, abs., 214.

Blood Examinations and Surgical Diagnosis, rev., 558.

Bloodless field in the lower half of the body, The artificial, abs., 215.

BOLDT, HERMAN J., The administration of anæsthetics, trans., 546; Conservatism in surgery of the pelvix organs, trans., 546.

Bone, Syphilitic hyperplasia of the, trans., 107.

BONIFIELD, CHARLES L., Fibroid tumors and pregnancy, trans., 208.

BOUGUET, PAUL, The action of the Uterine Contractions upon the Human Egg; The Passive Phenomena of Pregnancy and Labor, rev., 334.

BOVÉE, J. WESLEY, Renal excretion during the administration of chloroform and ether in gynecological surgical operations, trans., 546.

Bowel, Resection of the, tech., 285; With report of eleven cases, trans., 204.

Bowels, Obstructions of the, trans., 204.

Brain, Abscess of the, trans., 314.

BUCHANAN, J. J., Remote results of implantation of the ureter into the bowel for exstrophy; A consideration of the extraperitoneal method of Bergenhem, 146.

Bunions, Why operations for, fail, with a description of one that does not, tech., 89.

BURCH, L. E., Appendicostomy in pernicious anæmia, trans., 201.

BUXTON, DUDLEY WILMOT, Anæsthetics, their Uses and Administration, rev., 222.

BYFORD, HENRY T., Significance of peritoneal adhesions following operations, the, 576; trans., 547; Vaginal hysterectomy for carcinoma of the cervix, trans., 209.

Cæcum, Tuberculosis of the, with report of a case, 161; The movable, as an important predisposing factor in acute appendicitis, cor., 448; in cases of so-called chronic appendicitis, Fixation of the, abs., 104.

198284

Cæsarean section in the treatment of complete placenta prævia, 446; We are no longer justified in sterilizing every woman who has a, 498; Note on the treatment of placenta prævia by, 529; Elective, trans., 202; Indications for, in placenta prævia, trans., 533; prolapse of the cord in deformed pelves, as an indication for, abs., 554; Vaginal, the indications for and technique of, tech., 180; Abdominal, The indications for, in placenta prævia, trans., 536; operations in one patient, Four successive, abs., 554; Remarks based upon fourteen conservative, abs., 221.

CARREL, ALEXIS, Thyroid gland and vascular surgery, 600; trans., 655.

CHETWOOD, CHARLES H., Some observations on renal diagnosis, 225.

Calculi, renal, Diagnosis and treatment of, trans., 323.

CALDWELL, C. E., Syphilitic hyperplasia of the bone, trans., 197.

Cancer, Adenoma of the cervix uteri, simulating, abs., 219; of the ovary co-existing with cancer of the intestines and of the biliary channels, abs., 331; of the uterus, The propaganda against, abs., 552.

CANNADAY, JOHN E., Anatomical and physiological restoration versus removal of the internal generative organs of women, trans., 210.

Carcinoma of the gall-bladder, with remarks on the presence of stones as a factor in the etiology, Report of two cases of, 65; of the cervix, Vaginal hysterectomy for, trans., 209; of the stomach in rectum, Metastasis of, abs., 328; of the uterus with metastases in lungs and pleural cavities, abs., 552; of the uterus, Metastases in the peritoneal cavity in the case of, abs., 661; Primary, of the Fallopian tube with report of a case, 722; A true case of, implantation, abs., 105; and sarcoma, hematometra in uterine, abs., 330.

Carcinomatous degeneration of the uterine stump after supravaginal hysterectomy for fibromyomata, abs., 330.

CAROTHERS, ROBERT, Fracture of the elbow-joint, trans., 199.

Carpel scaphoid, Simple isolated dislocation of the, tech., 98.

Cervix, Vaginal hysterectomy for carcinoma of the, trans., 209; uteri, Adeno-fibro-myxo-chondro-sarcoma of the, abs., 552; Adenoma of the, simulating cancer, abs., 219.

Chicago Surgical Society, trans., 103; 303; 435; 649.

Chorionepithelioma, Vesicular moles and, abs., 441.

Chromocystoscopy in functional renal diagnosis based upon the employment of indigo-carmin, 368.

Cleft palate and harelip operations, Technique of, trans., 321.

Cœliotomy cases, Preparatory and after treatment of, tech., 645.

COFFEY, ROBERT C., Plastic surgery of the abdominal wall, trans., 322.

COLLINS, CLIFFORD U., Some points in the surgery of the bile tracts, tech., 203; New incision to reach the bile tracts, trans., 324.

Colostomy, temporary, as a curative measure in certain forms of post-operative fæcal fistulæ, 69.

CONNELL, F. GREGORY, Repair of the internal ring in oblique inguinal hernia, trans., 323.

Contractions of the pelvic outlet, Frequency, etiology and practical significance of, 619.

CRAIG, DANIEL H., The utero-sacral ligaments, 386.

CULLEN, THOMAS C., The pathology of ovarian tumors, trans., 548.

CUNNINGHAM, ARTHUR R., Uterus duplex separatus cum vagina saparata, tech., 97; Report of a case of hermaphroditism, tech., 192.

Cyst of the kidney, Dermoid, 400; trans., 200; of the spleen, Echinococcus, trans., 435.

Cystadenoma in supernumerary ovary, Papillary, 1.

Cystitis, pyelitis and pyelocystitis, abs., 551.

Cystocele and uterine prolapse, The operative treatment of cases of, 471; trans., 541.

Cysts of the ovary, Dermoid, containing thyroid tissue, abs., 106; Of the uterus, abs., 106; Ovarian and menstruation, abs., 218.

DA COSTA, J. CHALMERS, Parathyroid tumors with report of a case, 32.

DAVIS, BYRON B., The surgical importance of the intestinal gases, trans., 316.

DAVIS, EDWARD P., The treatment of infected and complicated cases of labor by abdominal section, 365; Ovarian tumor, with twisted pedicle, complicating pregnancy, 500; trans., 543.

DEAVER, JOHN B., Surgery of the Upper Abdomen, rev., 558.

Decompression, subtemporal, in a case of chronic nephritis with uræmia; with especial consideration of the neurotinal lesion, abs., 103.

DE LEE, JOSEPH B., Obstetrics for Nurses, rev., 336.

Dermoid cyst of the kidney, trans., 200; of the ovary containing thyroid tissue, abs., 106.

Descending colon, Adenomata of the, 380.

Diagnosis, The question of, in the case of a patient complaining of indigestion, 71; in its relation to the laboratory and the bedside, trans., 318; in the upper abdomen, Mistakes in, trans., 324.

Diseases of Infants and Children, A Manual of the, rev., 558; of the Rectum, Anus and Sigmoid Colon, rev., 222; of the Rectum and its Developmental Defects, rev., 445; of the Skin and the Eruptive Fevers, rev., 445; Malignant, of the uterus, abs., 662.

Dislocation of the carpal scaphoid, Simple isolated, tech., 98.

Diverticuli of the sigmoid colon, abs., 326.

DOUGLAS, RICHARD, Surgical Diseases of the Abdomen, rev., 557.

DOWD, CHARLES N., Tuberculosis of the cervical lymph nodes, 232.

DUDLEY, E. C., Uterine myoma, trans., 196.

DUNSMOOR, FREDERICK A., The versatile omentum, trans., 325.

Dysmenorrhœa and sterility in women, Surgical treatment of, trans., 547.

EASTMAN, JOSEPH RILUS, The technique of cleft palate and harelip operations, trans., 321.

Echinococcus cyst of the spleen, trans., 435.

Eclampsia, The pathogenesis of, and its relation to normal pregnancy with dropsy, and with the kidney of pregnancy, abs., 333.

EDEN, THOMAS WATTS, Manual of Midwifery, rev., 110.

EDWARDS, F. SWINFORD, Diseases of the Rectum, Anus and Sigmoid Colon, rev., 222.

EISENDRATH, DANIEL N., Diagnosis and treatment of renal calculi, trans., 323.

Elbow-joint, Fracture of the, trans., 199.

ELDER, JOHN M., Temporary colostomy as a curative measure in certain forms of post-operative fæcal fistulæ, 69.

Elephantiasis of the male genitalia, trans., 210.

Endoaneurysmorrhaphy, Indications for obliterative, in contradistinction to reconstructive, trans., 314.

Endoscopy, Intrauterine, abs., 332.

Enteroliths as a cause of intestinal obstruction, trans., 649.

Enterostomy in intestinal obstruction, the value of, 373.

Epispadias in women and its treatment, abs., 331.

ERCK, THEO. A., Temporary ventrosuspension of the uterus, cor., 448.
Erythromelalgia and the allied conditions in their relation to vascular disease of the extremities, Raynaud's disease, abs., 328.
Ether and morphine, The effect of, on uterine contraction during labor, abs., 444; administering, A new device and method for, tech., 639.
Ethyl chloride as a general anæsthetic, The present status of, 402.
Exopthalmic and simple goiter, The pathological relationships of, 588; trans., 651.
Fæcal Fistulæ, Temporary colostomy as a curative measure in certain forms of post-operative, 69.
Fallopian tube, Carcinoma of the, with report of a case, 272.
Farabeuf, Prof., Introduction to the Clinical Study and to the Practice of Obstetrics, rev., 109.
FEISS, HENRY O., The radical treatment of deformity following an old fracture of the lower epiphysis of the tibia, 583.
Femur, Fracture of the, a method of suspension, tech., 189.
FERGUSON, ALEXANDER HUGH, A case of cruro-scrotal hernia, trans., 197; Thyroidectomy for exopthalmic goiter, 279; trans., 303.
Fever nursing, Practical, rev., 222.
Fibro-epithelial changes in the mammary gland, abs., 553.
Fibroid tumors and pregnancy, trans., 208.
Fibroids, suppurating, Following delivery, tech. 643.
Fibroma and puerperium, abs., 107.
Fibromata in course of puerperium, The suppuration of, abs., 331.
Fibula, Sarcoma of the, trans., 318.
Fistulæ and drainage passage, The treatment of, abs., 550. operation, Successful, for vesico-uterine, with loss of function for vesical and urethral sphincters, trans., 211; The operative treatment of vesico-cervico-vaginal, abs., 660.
FLETCHER, FRED, The movable cæcum as an important factor in acute appendicitis, cor., 448.
Fracture, irreducible, of the surgical neck of the humerus, The operative treatment of, tech., 415; Colles', trans., 325; of the articular surface of the head of the femur, trans., 435; of the astragalus, 36; of the femur; a method of suspension, tech., 189; of the leg, Extension treatment of, abs., 438.
Fractures, simple, The operative treatment of, 344; Immediate operative treatment of certain, 120; The treatment of, abs., 214.
FRANK, ROBERT T., Papillary cystadenoma in a supernumerary ovary, 1.
FREEMAN, LEONARD, Immediate operative treatment of certain fractures, 120.
FRICK, W. J., Indications for obliterative in contradistinction to reconstructive endoaneurysmorraphy, trans., 314.
FRY, HENRY D., The indications for abdominal Cæsarean section in placenta prævia, trans., 534.
Gall-bladder, Carcinoma of the, with remarks on the presence of stones as a factor in the etiology, 65; The removal of the, 337; trans., 324; and bile ducts, surgery of the, Some observations on, abs., 438; examining the, An original method for, through vaginal incision, tech., 642.
Gall-ducts, Two operations for total destruction of the, tech., 406.
Gall-stone operations, Thread foreign body after, abs., 550.
Gases, intestinal, The surgical importance of, trans., 316.
Gastric accretion, tech., 96; surgery, Studies in, abs., 102; Some points in connection with, 550.
Gastro-jejunostomy, An anatomical anomaly of importance in the operation of, 282.
GELLHORN, GEORGE, Experimental studies of post-operative peritoneal adhesions, 506; trans., 547.
Genetalia, female, Hernia of the, abs., 217.
Genito-urinary System, Diseases and Surgery of the, rev., 334.
Gilliam operation, The., cor., 110.
GILLIAM, T. TOD, A coaptation and imbricating suture for closing the abdominal incision, tech., 95.
GOFFE, J. RIDDLE, Ephraim McDowell, the father of ovariotomy, 449; trans., 545.
Goiter operations, Accidents and complications in, trans., 323; A consideration of the mortality in one thousand operations for, 237; trans., 206; Exopthalmic, observations on the surgical treatment of, trans., 209; Thyroidectomy for, 279; trans., 303; simple, The pathological relationships of exopthalmic, 588; trans., 651; The surgical consideration of, 651; trans., 651.
GOLDSMITH, WILLIAM S., Dermoid cyst of the kidney, 400; trans., 200.
Gonorrhœa in the new born, A case of, abs., 220.
